Risk Factors: Mutual Funds and securities investments are subject to market risks and there is no assurance or guarantee that the objectives of the Scheme will be achieved. As with any investment in securities, the NAV of the Units issued under the Scheme can go up or down depending on the factors and forces affecting the capital markets. The name of the Scheme does not in any manner indicate either the quality of the Scheme; its future prospects or returns.

Mutual Fund Investments are subject to market risks, read all scheme related documents carefully.
